

ADOPTION PLAN • THIRTY DAYS

# The 30-Day AI Learning-to-Adoption Plan

A workshop teaches the tool. This turns it into a changed way of working. Name the one workflow the training is meant to change, then run the four weeks below.

BEFORE WEEK ONE

The workflow we are changing: \_\_\_\_\_  
What will be different about it: \_\_\_\_\_

|                                        |                                                                                                                                                                                                  |                                   |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------|
| <div>WEEK 1</div> <div>Learn</div>     | <ul style="list-style-type: none"><li>Run the lesson or workshop on the specific workflow.</li><li>Capture real examples from your own work, not generic ones.</li></ul>                         | <div>OWNER</div> <div>_____</div> |
| <div>WEEK 2</div> <div>Apply</div>     | <ul style="list-style-type: none"><li>Use it on real work within days, while it is fresh.</li><li>Note what worked and where the AI misled you.</li></ul>                                        | <div>OWNER</div> <div>_____</div> |
| <div>WEEK 3</div> <div>Redesign</div>  | <ul style="list-style-type: none"><li>Change the workflow so the new way is the easy way.</li><li>Move the approval, update the template, set the standing prompt, reassign the check.</li></ul> | <div>OWNER</div> <div>_____</div> |
| <div>WEEK 4</div> <div>Reinforce</div> | <ul style="list-style-type: none"><li>Share the examples that worked; name a champion.</li><li>Recognise good use; set the date to review it next.</li></ul>                                     | <div>OWNER</div> <div>_____</div> |

DID IT STICK? (ASK AT DAY 30)

Is the new way now the default, or has the team drifted back? If it drifted, the redesign was too light, not the training. Fix the workflow, not the workshop.

Discuss a 90-Day Adoption Build
